This course is principally intended as basic safety training:

Learners completing this course as theory only, via eLearning as a Refresher Course must hold a current Personal Survival Techniques certificate and must have participated in on board safety and emergency exercises and drills on a regular basis over the past 5 years.

COURSE STANDARDS AND ACCREDITATION:

This course meets the requirements of Statutory, Flag Administration accredited SEATAG Training Package – Category A and STCW Regulation VI/1 and Code Section A-VI/1 Table A-VI/1-1 of the STCW Code as amended.

This course has been approved and accredited by the Singapore Flag Administration – MPA.

COURSE CERTIFICATION:

On successful completion of this eLearning course and lodgement of the course eFeedback Form, learners may print a Certificate of Completion.

A soft copy of the Flag Administration accredited Certificate of Proficiency will be emailed to the learner within 5 working days of successful completion of this eLearning course.

If chosen within the course registration process, a hard copy of the Flag Administration accredited Certificate of Proficiency will be sent via airbag to the address as stated on the course registration form within 10 working days of successful completion of this eLearning course.

The Certificate of Proficiency is valid for a period of five (5) years from the date of issue.

COURSE DELIVERY:

The outcome of this course may be achieved by-way-of computer based online eLearning.

COURSE DELIVERY TIME:

This course is based on the IMO Model Course 1.19 with delivery time recommendation for face-to-face delivery time of 13.25 hours.

Actual course delivery time via online eLearning for this theory only course will depend on the learner's input and cannot be definitely defined. However, industry standards indicate eLearning delivery of this type of course may reduce delivery time by approximately 60 to 80%.

WHO SHOULD ATTEND:

Seafarers or other shipboard personnel wishing to re-validate their current certificate in line with STCW 2010 Manila Amendments to maintain the minimum standards of competence in Basic Safety Training.

NOTE:

Under the new STCW 2010 regulations, updated proficiency training for the above STCW course must be undertaken every five years. Seafarers re-validating their Certificate of Competency after 1 January 2017 will be required to submit documentary evidence of having completed flag approved updated proficiency training within the last five years. This eLearning course can be utilised to update seafarers' current certification without completing the practical component of this course if; the seafarer's current certificate has not expired (you will be required to upload a copy of your current certificate) and they have participated in on board safety and emergency exercises and drills on a regular basis over the past 5 years.
